## UpToDate is coming !

*The General Hospital "Sveti Duh" and UpToDate* is happy to announce a start of preparation a complimentary 60-trial of UpToDate in **General Hospital "Sveti Duh"**.

*UpToDate* is a *comprehensive evidence-based clinical information resource, designed to provide physicians quick access to practical and reliable answers to questions that arise during the course of patient care.* The *UpToDate* physician editors and authors synthesize available clinical evidence and their expert experience to provide precise and concise diagnosis and treatment recommendations. Additionally, the content of *UpToDate* is organized and delivered in a format that makes it usable right at the point of care via online access. It is fully updated every four months to ensure the content reflects the best current thinking at any given time.

*UpToDate* currently covers the following medical specialties and subspecialties.

- Adult Primary Care & Internal Medicine
- Cardiovascular Medicine
- Endocrinology & Diabetes
- Family Medicine
- Gastroenterology & Hepatology
- Hematology
- Infectious Diseases
- Nephrology & Hypertension
- Neurology
- Obstetrics, Gynecology & Women's Health
- Oncology
- Pulmonary & Critical Care Medicine
- Rheumatology
- Pediatrics

"Keeping current with new information and changing practices is a constant challenge.....

Fortunately UpToDate makes this task a lot easier"

-The New England Journal of Medicine-

UpToDate® is an official educational program of, or produced in cooperation with

**SGIM**  
 Society of General  
 Internal Medicine

American Academy  
 of Pediatrics
